

# LEVENS PARISH COUNCIL NEWSLETTER – SPRING 2021

## Chairman's Comments

I write this one year since the start of the 'first lockdown', but it appears much longer as so much of our business being conducted by 'Zoom' or 'Teams' now seems almost natural. Parish Council business however does not stop and consultations and negotiations are still taking place; albeit in a less obvious way as people are unable to meet in groups. Subjects under scrutiny at the moment include the ever present wish for a footpath down Levens Lane and the question of traffic management in the village and in the Greengate areas particularly. We are also looking at the redesign of our website.

Walking round the village I cannot help but notice the large amount of orange ducting sticking out of the ground all over the place! This is of course the obvious effect of B4RN starting to provide hyperfast broadband to our village. Whilst some residents have already been connected, I know this process will speed up in the near future. So if you have not yet 'taken the plunge' then I urge you to do so as have quite a few people in the last few weeks and register your interest with B4RN: [www.levens.org.uk/levens-b4rn-broadband](http://www.levens.org.uk/levens-b4rn-broadband). I am sure you will have seen the 'For Sale' signs on 5 plots of Parish Council land to raise money for our new village hall and the Levens Community Project. In this Newsletter is a detailed description of the present position as we reach another stage in this process.

In our last Newsletter, just before Christmas, I made reference to the fact that last year's Annual Parish Meeting was cancelled at the last minute because of the Coronavirus situation. This meeting is a legal requirement and whilst the Government granted dispensation last year, an Annual Parish Meeting must take place this year between 1<sup>st</sup> March and 1<sup>st</sup> June. We have decided to hold our Annual Parish Meeting remotely on Tuesday 13<sup>th</sup> April at 7pm, before the usual monthly Parish Council Meeting. Joining details are shown elsewhere in this Newsletter.

Once again the Parish Council thanks Levens Good Neighbours for facilitating the delivery of this Newsletter. Please take care and stay safe.

**Roger Atfield – Chair Levens Parish Council**

## Levens Annual Parish Meeting – 13<sup>th</sup> April 2021 at 7.00 p.m.

In 2020, the requirement to hold a Parish Meeting was suspended but that dispensation does not extend to the requirement to hold one between 1<sup>st</sup> March and 1<sup>st</sup> June 2021. Equally, the dispensation allowing Parish Councils to hold meetings remotely i.e. by the use of audio-visual technology, ends on 7 May 2021, but uncertainty remains over if and how physical meetings can be held after that date. The National Association of Local Councils has advised those Parish Councils which facilitate Annual Parish Meetings to do so remotely before 7 May. As a result, Levens Parish Council is going to hold a 'cut-down' version of the Annual Meeting by Zoom on 13 April 2021 starting at 7.00p.m, before its scheduled Parish Council meeting. The Parish Council will present the required Reports including from the Chairman, on Parish finances and on the Community Project. There will not however be a guest speaker nor will village organisations be asked to present a summary of their activities in 2020. Any organisations wishing to present a written report, however, are welcome to do so and this will be posted on the website alongside the transaction of the meeting. **Further details will follow, but for those wishing to attend the Annual Parish Meeting the Zoom link is:**

Meeting ID: 829 5629 3381 Passcode: 275011

## **Levens Community Project**

With building plots at Cotes and Church Road now on the market, the Community Project has entered a new phase and so the Parish Council is devoting the following two pages to an update on progress.

The twin aims of the Project, identified from within the local community itself, are to build a new village hall and to provide affordable housing for local residents. The framework for this initiative is a Joint Venture Agreement signed by the Parish Council, Levens Charity and the Institute Charity (now the Levens Village Hall Charity) which commits each entity to work together to deliver the Project. Secured planning consents allow for four affordable houses to be built in a terrace at Underhill and a new village hall on Lowgate. When the latter is complete it will be handed over to the Village Hall Charity and the old Institute will be released for redevelopment as three affordable flats. The affordable properties will be owned and rented out by Levens Charity. All this is possible because Levens Parish Council in its own right and as Trustee of Levens Charity is fortunate in owning several plots of land within the village. Fundamental to the success of the Project is the sale of some of these (on which planning consents for full-value housing have been secured) to private developers. Sizergh Fell Quarry was sold in November 2019 and plots at Cotes and Church Road are now on the market. The proceeds of sale from these, supported by external funding in the form of grants, will generate the funds necessary for the new village hall and the affordable housing (which will deliver a long-term return to the village through rents and housing for local people). The Project has been constructed as a cost neutral initiative, meaning that costs will be met by funds raised from the sale of land and external grants, with no financial impact on the day to day finances of the Parish Council and therefore the Precept.

Sizergh Fell Quarry was sold for £750,000 and the three plots at Cotes and the three at Church Road are valued in the region of £1million, so a prudent combined estimate of income from Parish land might be put at £1.7million. The pre-Covid combined estimate to build the affordables and the new village hall, based on a cost per square foot, was £2.3million. It is expected, however that these costs will have increased and more accurate costs will not be known until tenders are received from contractors. The Project Architect, Tony Hills is preparing detailed tender packs: that for the four houses at Underhill is to be issued soon and that for the new village hall is currently being finalised and will be sent out to contractors when plots at Cotes and Church Hill are largely sold.

Supporting the income from the sale of Parish land are funds from external Agencies and primarily from those who support the Project because of its commitment to build affordable housing. Much work, and therefore cost to the Project has already been completed. Awards for All and the old Homes and Communities Agency provided nearly £50,000 which was applied towards feasibility, site surveys, design and planning costs, whilst SLDC has made important contributions from its Locally Important Projects fund and Members' Budget totalling nearly £45,000. £40,000 of this was for the excavation of the new village hall site which is now nearly 95% complete – work which itself released a large quantity of good quality building stone, some of which has already been sold for £47,500. Some of this income has funded a structural engineer who is currently designing boundary retaining walls on this site. Work based on his drawings will be completed prior to construction of the main building using stone on site and will be funded by the sale of the remaining stone. SLDC also contributed to the costs of replacing the village allotments from Church Hill and Underhill with ten purpose built new allotments at the Kitchen Gardens rented from Levens Hall at a neutral cost. These are all currently occupied with a waiting list.

The most significant source of external funding however has come from the Government-backed Community Led Housing Fund from Homes England and administered by SLDC which is supporting the construction of the affordable properties. It has provided nearly £100,000 to pre-construction costs (Capacity Grant) mainly to cover professional fees. In addition and from the same source, a recently completed Funding Agreement has made available up to £668,000 for infrastructure work (£318,000) and building costs (£350,000). Some final legal details, including the registration of a Legal Charge as a requirement of the Funding Agreement are being completed, after which work will commence on the Underhill site. Following a competitive tendering exercise, Tim Thacker has been awarded the Infrastructure contract at Underhill which includes creating the right levels using fill from the new village hall site, building a retaining wall which is to be stone faced, digging the trenches for the services and moving the main sewer pipe. This latter piece of work is being done under an Agreement with United Utilities which will be completed as soon as the Legal Charge is registered.

In high-level terms therefore we may estimate a revised Project cost of say £2.4million (to be confirmed), against which there is provisional income of £2.5million (Sizergh Fell Quarry - £750,000; a prudent estimate from the sale of building plots - £950,000; funding from the Community Led Housing Fund - £668,000 and grants already received of over £185,000 - which can be offset against the overall cost estimate). This does not take account of additional income from the sale of stone or grants from other external funders. The Project is clear that the availability of external funding is for specific purposes so, for instance, grants from the Community Led Housing Fund cannot be used for the costs of the village hall – there is no single large pot of money that can be used for any purpose. As a backup if required, the Project has also considered the possibility of selling up to 50% equity in each of the four houses at Underhill or taking low interest loans available to the PC for projects exactly like this. The affordable homes will bring in around £25-£30,000 in rents per annum to the Charity, the majority of which will be used for the benefit of people of Levens.

The Project is managed by Levens Parish Council, but in formal partnership with others (as seen in the Joint Venture Agreement) and in conjunction with external funders. Most of its work however is processed by volunteer representatives from the community through either the Levens Community Project Working Group, which is mainly concerned with matters relating to the new village hall, or the LCP Advisory Panel which takes a wider view of the Project as a whole and advises the Parish Council on project management matters. The Parish Council could not run this Project without the input from these two groups or from its Architect, Tony Hills and it extends its thanks to all those involved as well as to the funding bodies supporting this Project.

This piece has inevitably been only a snapshot of the Project and space restricts a more detailed review of both finance and design matters. Of particular interest to many will be the proposed designs and layout of the new village hall. The large graphic panels on the fencing around the site provide a good impression on the intended design. The Parish Council, however, is currently reviewing its page on the village website and a revised layout is under construction. This will make it much easier to navigate to areas which will be devoted to clearer and more up to date information on various aspects of its activity. For the Project, more detailed plans, financial data and updates on progress will be posted and kept updated.

As the Project moves towards construction, it is hoped that this article provides a broad background to the current position and that the website will keep residents updated with new developments.

## B4RN (Broadband for the Rural North)

February 2021 saw the start of our 735m road dig from the top of Church Rd all the way down to Levens Beck. This was completed in 3 weeks with the remaining spurs of Church Close, The Private Rd, Nelson Square and Stonelands to be dug on the next stage. The end of March has seen a 2<sup>nd</sup> team arrive to link Church Rd to the village cabinet and start working into Greengate.

A small team of Levens volunteers worked to help households prepare with 7mm orange conduit under walls in time to connect as the contractors installed each property with a Toby Box. House kits have been fitted to many households and 23 homes have already had fibre blown through this newly dug network as far as their local chamber.

Last week saw the long awaited arrival of 2 mole-plough teams to dig our rural routes and drill under the River Gilpin and 2 dykes around Lord's Plain in order to start Route 2 around Cotes, Cinderbarrow, Gilpin, Sampool and towards The Crossing. They also completed Route 5 on the south east edge of Greengate in just 2 days to continue towards Route 4 out to Sizergh.

Villagers will receive a Dig Grant of £150 from B4RN to assist with expenses incurred to cross their garden and pay a contractor to drill the house wall for their house kit. Some have managed to complete the work themselves aided by a small team of volunteers. Our volunteers were greatly aided in their work with funding from Levens Charity to buy a drill, piping, printing and general equipment and we ask that households make a donation to the Charity in recognition of all the volunteers' time.

## Current Details for Levens Parish Council 2020/21

Councillor	Address	Tel.	Email
Roger Atfield (Chair)	The Old Court, Church Rd, Levens, LA8 8PU	015395-61574	<a href="mailto:rogeratfield@btinternet.com">rogeratfield@btinternet.com</a>
David Rogerson (Vice-Chair)	16, Nethercroft, Levens, LA8 8LU	015395-61628	<a href="mailto:davelouise@btinternet.com">davelouise@btinternet.com</a>
Susan Bagot	School House, Church Road, Levens, LA8 8PU	015395-60588	<a href="mailto:sbagot@schoolhse.co.uk">sbagot@schoolhse.co.uk</a>
Helen Burrow	Davlen Fold, Brigsteer Rd, Levens, LA8 8NT	015395-61082	<a href="mailto:helenburrow20@gmail.com">helenburrow20@gmail.com</a>
Kevin Holmes	Field Place, Levens, LA8 8EJ	015395-52063	<a href="mailto:kevin.holmes6@btinternet.com">kevin.holmes6@btinternet.com</a>
Janet Battye	Inglewood, Cinderbarrow Levens, LA8 8PS	07711-583013	<a href="mailto:janetmbattye@gmail.com">janetmbattye@gmail.com</a>
Roger Mason	Heaves Farm, Levens, LA8 8DU	015395-60200	<a href="mailto:roger@heavesfarm.co.uk">roger@heavesfarm.co.uk</a>
Mark Willacy	Hundred Acre View, Church Rd LA8 8PS	07786-080893	<a href="mailto:mark@dhwillacy.com">mark@dhwillacy.com</a>
Clerk	Address	Tel.	Email
Martin Curry	18 Barn Holme, Kendal, LA9 5LP	07388-920410	<a href="mailto:levens.parish@gmail.com">levens.parish@gmail.com</a>

**County Councillor:** Jim Bland, Oakridge, Underbarrow LA8 8BL.

Tel: 015395 68576. Email: [James.Bland@cumbria.gov.uk](mailto:James.Bland@cumbria.gov.uk)

**District Councillor:** Cllr. Kevin Holmes, Field Place, Levens LA8 8EJ.

Tel: 015395-52063. Email: [kevin.holmes6@btinternet.com](mailto:kevin.holmes6@btinternet.com)

**Police:** PCSO 5233 Jayne Park: Email: [jayne.park@cumbria.police.uk](mailto:jayne.park@cumbria.police.uk)

**Please note: Parish Elections are due to be held on 06 May 2021. Details on the Parish Webpage and Noticeboard.**
